

Events

We host events around the world and online to share results and policy lessons from randomized evaluations, build new partnerships between researchers and practitioners, and train organizations on how to design and conduct randomized evaluations.

AFRICA, DISSEMINATION

Teaching at the Right Level Webinar Series:
Session 6 - Maintaining Quality at Scale

Hosted by: J-PAL Africa

27 February 2019 | Webinar

Join us on 27 February for the sixth in a series of webinars about Pratham's Teaching at the Right Level (TaRL) approach. This session will feature presentations by Rukmini Banerji, Ben Simuyandi, and Ben Piper and cover the topic of how to maintain quality at scale.

SOUTHEAST ASIA, DISSEMINATION

Tying assets to determine eligibility of the poor:
Findings from a randomized evaluation in
Indonesia

Hosted by: J-PAL Southeast Asia

21 February 2019 | D'Lab Menteng, Jl. Riau 1, Gondangdia, Jakarta

Evidence has shown that targeted anti-poverty programs offer significant improvement towards household consumption, as well as health and education outcomes for children¹. To determine eligibility of beneficiaries in receiving the programs, governments conduct tests to measure asset ownership of households or is commonly known as proxy-means test (PMT).

NORTH AMERICA, DISSEMINATION

Building Evidence, Advancing Policy, Impacting Lives: The 3rd Annual J-PAL North America State and Local Innovation Initiative Convening

Hosted by: J-PAL North America

11 February 2019 to 12 February 2019

| Samberg Conference Center at the Massachusetts Institute of Technology

The State and Local Innovation Initiative supports US state and local leaders in using randomized evaluations to generate new and widely applicable lessons about which programs work, which work best, and why.
