Hello, I am calling from J-PAL South Asia. We previously conducted a survey with you when your course started. We are conducting a research study to see how information and assistance about livelihoods can be communicated to students effectively via WhatsApp. For the purpose of this study you have been added to a Livelihoods Whatsapp Group. This group will be used strictly for the purpose of conveying job alerts, videos on business training and communicating with Livelihood Coordinators. All conversations on this group will be monitored externally by J-PAL in order to observe participant engagement and ensure safety of group members. All monitoring data will be kept confidential and stored in a secure location separately from any PII. You are free to leave the group at any point.			
As a part of the study, we will be conducting a 15-minute survey with you today. A longer survey will be conducted after the end of a three month period. If you answer both surveys, you will be eligible for a mobile recharge worth 100 Rs. If you have any questions, please contact: <RA name>, Research Associate, J-PAL South Asia on <RA's contact number>			
Would you like to participate in this study? (Saying yes means you will continue to remain a member of this group and you are willing to answer two surveys)	1 Yes
